Getting Started

Last Modified on 25/09/2026 2:48 pm BST

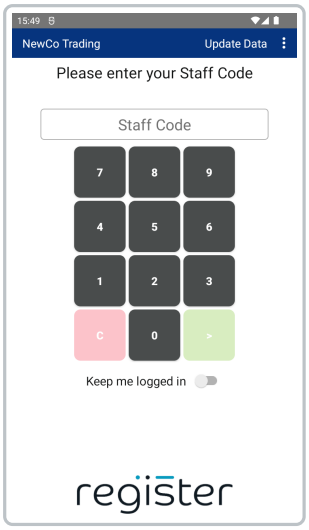

1. **Power on the Terminal and Connect to the Internet**
   Make sure your payment terminal is turned on and connected to the internet (Wi-Fi or mobile data).

2. **Open the Register App**
   Once connected, tap the **Register** icon on the terminal's home screen.
   

3. **Enter the Enrolment Code**
   You'll be asked to enter an **enrolment code**. This code should have been provided by your **Solution Provider**.
   

4. **Enrol the Terminal**
   After entering the code, tap the **Enrol** button. The terminal will sync with your account—this may take a few moments.
   ⚠ **Important:** Your terminal must stay connected to the internet during this step.
   Your terminal will then play the Getting Started video, you can watch this anytime at the bottom of this page.

5. **Log In with Staff Code**
   When enrolment is complete, a login screen will appear. Enter the **staff code** sent to you by your Solution Provider to start using the terminal.

You're now ready to start accepting payments!
