

?] How to Email a Receipt

Last Modified on 27/08/2025 1:59 pm BST

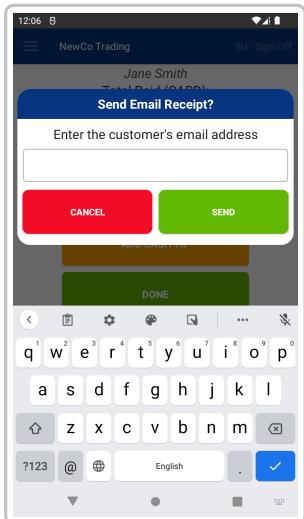

If enabled by your **Solution Provider**, the system will display an **EMAIL RECEIPT** button on the **Transaction Summary** screen.

☒ Sending an Email Receipt:

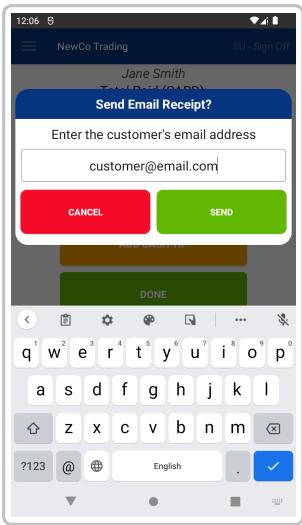

- Tap the **EMAIL RECEIPT** button

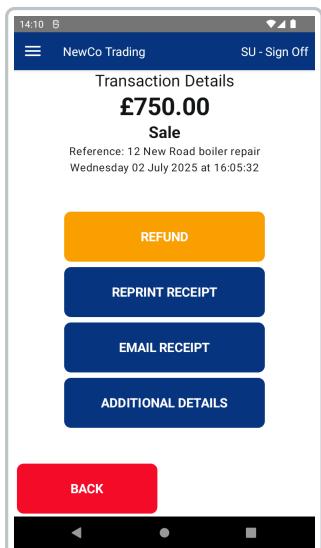

- Enter the customer's email address

- Tap **SEND** to email the receipt

You can also resend email receipts from the **Transaction Summary** or **Transaction History** screens using the same button.

⚙ Configuration Notes:

- Please contact your solution provider if you need assistance with configuring email receipts.

🔒 For privacy:
Email addresses are not stored or saved in the system.
