The **Configuration** screen helps you with support and troubleshooting.

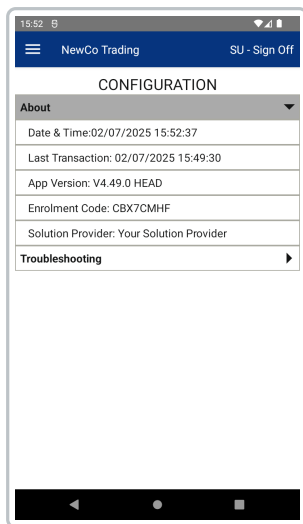

1. Once logged in, tap the **Menu** by tapping the hamburger (☰) button in the top left corner.

2. Tap the **Configuration** option.

3. Tap **About** to see useful info that might be needed when talking to your support team, including:

- ⓘ **Date & Time** — the current date and time on your device
- ⓘ **Last Transaction** — when the last transaction happened
- ⓘ **App Versions** — which version of the app you're running
- ⓘ **Enrolment Code** — the code used to enrol and identify your device
- ⓘ ⓘ **Solution Provider** — who your solution provider is
