

? What is an enrolment code?

Last Modified on 07/07/2025 2:03 pm BST

An **enrolment code** is a unique mix of letters and numbers given to you by your **Solution Provider**.

Think of it like your license key, it links your device(s) securely to your account and only your account.

Your enrolment code is entered on the **Settings** screen and can also be located on the **About** screen.

You can also see all your enrolment codes in the Web Portal under the Devices tab.

The screenshot shows the 'register' web portal interface. At the top, there's a navigation bar with 'Dashboard', 'Config', 'Reports', 'Stock', 'CRM', 'Devices' (selected), and 'Admin'. The 'smart volution' logo is on the right. Below the navigation bar, it shows 'Portal Admin: Business Owner (boss@newco.com)' and 'Merchant: NewCo Trading'. The 'Devices' tab is active, showing a 'New Device' button and a summary of license counts: 'License Count - 2' (Pay: 2, Lite: 0, Core: 0, Plus: 0, Serve: 0), 'Licenses Used - 2' (Pay: 2, Lite: 0, Core: 0, Plus: 0, Serve: 0), and 'Licenses Remaining - 0' (Pay: 0, Lite: 0, Core: 0, Plus: 0, Serve: 0). Below this is a table with columns: Device Name, License Type, Enrollment Code, Store Name, Profile, Last Sync, and Status. The table contains two entries: 'Device 1' (Pay, CBX7CMHF, Teller, Profile 1, 2025-07-02 16:06:33 (GMT +01:00), Enabled) and 'Device 2' (Pay, X7CMHF, Teller, Profile 2, Not Enrolled, Enabled). At the bottom, it says 'Showing 1 to 2 of 2 entries'. The footer includes 'Register 4.49.1 master', 'Privacy Policy', 'Powered by Smart Volution™', 'EULA', and '©2015 Smart Volution'.

Device Name	License Type	Enrollment Code	Store Name	Profile	Last Sync	Status
Device 1	Pay	CBX7CMHF	Teller	Profile 1	2025-07-02 16:06:33 (GMT +01:00)	Enabled
Device 2	Pay	X7CMHF	Teller	Profile 2	Not Enrolled	Enabled
